EDUCATION

Year: 1987
Degree: Industrial Electronic Engineer
University: Universidad de la República
Country: Uruguay

WORK

- From 2013 until now
Company: CIEA
Position: Director
Work: market development, technical direction.
- From 2013 until now
Company: Electromagazine
Position: Professor
Work: technical courses on substations and electrical maintenance.
- From 2013 to 2014
Company: CAHORS LATINOAMERICA
Position: Commercial Management
Work: CAHORS products commercialization, Latin America market development.
- From 2009 to 2013
Company: INGENER S.A.
Position: Consulting engineer
Work: services development, tests and maintenance in medium and high voltage installations, market development, new tests and services development.
- From 2000 to 2009
Company: CONATEL S.A.
Position: SIEMENS Commercial manager
Work: SIEMENS products commercialization in medium and high voltage, market development.

- From 1993 to 2000
Company: UTE
Position: Electrotechnical Department Manager
Work: test development, quality control, medium and high voltage research.
- From 1987 to 1993
Company: UTE
Position: Engineer
Work: test development, quality control, medium and high voltage research.
- From 1980 to 1987
Company: UTE
Position: Engineer Assistant
Work: test development, quality control, medium and high voltage research.

ADDITIONAL EDUCATION

- 2016
Dielectric design in power transformers CIEA, Uruguay.
- 2015
NSD standard certification for medium voltage work. Electrosistemas, Uruguay.
- 2015
Certification for electrical works in high voltage stations. Electrosistemas, Uruguay.
- 2011
Certification levels 1 and 2, medium voltage switchgear. Ormazábal, Argentina.
- 2010
Distribution and power transformer design. Universidad de la República, Uruguay.
- 2009
Electrical system relay protection. Universidad de la República, Uruguay.
- 1998
Installation, operation and maintenance of power transformers UTE, Uruguay.
